Jeff Cole : Eyeball Animation Drawing Book: Dinosaur Edition (Eyeball Animation Drawing Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Eyeball Animation Drawing Book: Dinosaur Edition (Eyeball Animation Drawing Books):

2 of 2 people found the following review helpful. My kids love it!!!By RebeccaMy kids, a 5 year old and twin 3 year olds, love these books. They aren't old enough to follow the books directions on how to draw dinosaurs but they love to draw pictures of people and animals center around the eyeball's in the book. I am currently looking to buy more of this type of book.0 of 0 people found the following review helpful. very disappointedBy JustMyAliasThis is a very cheap sketchbook - i.e. a soft cover book of BLANK paper. This is not a how-to-draw book...1 of 5 people found the following review helpful. Not what I expectedBy MomMeBecI ordered this as a Christmas gift for my [...] nephew. I shipped it to my mom to give to him and this is what she wrote to me when it arrived: "It is a really nice quality book, but the drawings are very hard and detailed, and they are not cute little 'Disney type' mosters, but really scary looking

things, and then they haave these descriptions, and some of them talk about Trojan gods, trolls, etc." From the description it sounded cute and wacky, not scary with mythical stuff. I expected just a cute drawing book with wacky eyeballs to make your own monsters. We are sending it back.

Young readers won't be able to take their eyes off the updated and new additions to our successful Eyeball Animation Drawing Book series. This drawing book offers little creatives a big artistic outlet. The book includes easy step-by-step drawing instructions plus fun wacky facts. Imagination is hard at work with this Drawing Book.* Wacky eyeballs challenge and inspire drawing creativity.* Features drawing tips, hints, and lessons.* Perfect for long car rides and rainy-day activities.

About the Author Jeff Cole is the brain behind the Eyeball Animation Drawing Book series. He is an inventive paper engineer, designer, illustrator, and writer. Jeff is also the author and designer of several interactive books, calendars, and kits. Jeff calls Denver, CO, home.
