Good IdeasBy Steel TulipBeing a working mom, I don't have a ton of friends; and no photos of the ones I have :) So I honestly only bought this book for the artwork ideas. It was worth it! The artwork is great! Also this book has lots of ideas for childhood friends, co-workers, family, etc... so it's not just a "gal-pal" scrapbooking book.1 of 2 people found the following review helpful. Great Ideas and Fun to ReadBy Laurel K. HallI met one of the authors, Kitty Foster, this

past weekend at a scrap booking store in Decatur,GA. She was so much fun, I bought the book (and she signed it). I am not into scrapbooking yet, but reading through the book I am inspired to not only start scrapbooking, but reconnect with long lost friends. It is full of great neat ideas.

Scrapbook Your Forever Friends Sure you have lots of scrapbook pages about your kids, your dog, your vacation, and maybe even your spouse. But what about those people you share a special bond with, who may be even closer than family? Your close confidants. The ones who know just what to say to make you laugh. You know...your friends! With Fabulous Friendships, you'll be inspired to create friendship scrapbook layouts that document a wide variety of relationships. From early friendships, when the biggest hardship was figuring out who would be the banker in Monopoly, to cyber friends across the globe, to that best friend who's always been there for you, these relationships and many more are featured in inspiring layouts by authors Kitty Foster and Wendy McKeehan and their accomplished contributing artists. So whether it's a princess tea party you'd like to commemorate, a bachelorette weekend or just sitting in the waves at the beach laughing at nothing in particular, grab a copy of Fabulous Friendships, pull out the photos of your fabulous friends and start scrapping!
