Suzanne McNeill, Lani Stiles : Family Scrapbook Paper Pizazz! before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Scrapbook Paper Pizazz!:

JUST A COLLECTION OF PAPERBy A CustomerThis is NOT a HOW-TO book !This book is not really a book at all, but a collection of scrapbooking paper bound together. The themes included by section are: BABY, CHILDHOOD, and SCHOOL DAYS. Although several of the papers in each section are solid colored, most are mini-print background patterns.Considering that single sheets of scrapbooking paper sell for 20 cents/sheet at chain crafts stores (e.g. Michaels, A C MOORE), the price for the book is ridiculous (and furthermore I don't even like many of the papers and never would have selected them).If you'd like theme-based collections of scrapbooking paper, I recommend Provo Craft Scrap Pads.I wish would carry (and of course DISCOUNT!) the how-to booklets by companies like Design Originals and EK Success. Great booklets, ridiculously expensive.0 of 0 people found the following review helpful. Family Scrapbook Paper PizazzBy Kelli HopkinsThis

book is excellent for anyone who scrapbooks. I would also recommend it to anyone who enjoys quality paper. The assortment in this book is well worth the money. A great product like the Holiday Scrapbook Paper Pizazz.

Contains theme pages for family and holiday photos.
