From Brand: Intellect Ltd : Fan Phenomena: Batman before purchasing it in order to gage whether or not it would be worth my time, and all praised Fan Phenomena: Batman:

2 of 2 people found the following review helpful. Batmanfan no. 1By adam scottAwesome present from my girlfriend.I was a mild to strong batman fan, now I'm a massive one! I highly recommend this to anyone interested in the batman.A great read, very amusing and insightful.A must have for any batman fan.

From his debut in a six-page comic in 1939 and to his most recent portrayal by Christian Bale in the blockbuster The Dark Knight Rises, Batman is perhaps the worlds most popular superhero. The continued relevance of the caped

crusader could be attributed to his complex character, his dual identity, or his commitment to revenge and justice. But, as the contributors to this collection argue, it is the fans who, with the patience of Alfred, the loyalty of Commissioner Gordon, and the unbridled enthusiasm of Robin, have kept Batman at the forefront of popular culture for more than seven decades.

"The new book is packed with revealing interviews from all corners of the fan spectrum - including Paul Levitz, who rose through the ranks of fan culture to become the president of DC Comics, and Michael E. Uslan, who has executive produced every Batman film since Tim Burton's blockbuster in 1989. . . .Fan Phenomena: Batman also features ten essays by Batman experts, plus a foreword from leading Batman scholar Will Brooker. The collection covers everything from costume-clad convention attendees to fan fiction in order to chart Batmans evolution from a six-page comic to the worlds most popular superhero."
