Better Homes and Gardens : Fast Scrapbooking (Better Homes Gardens) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fast Scrapbooking (Better Homes Gardens):

0 of 1 people found the following review helpful. A friend had numerous books. I used a few to start and felt this was one of the better ones so I got it for myself. By V. Bradigan This is a very helpful book. I was fortunate to be able to use a friends first and of ALL the books she had this and one other one were the best for me to start. 0 of 0 people found the following review helpful. Great scrapbooking helper..... By Chris I love this book! I have trouble sometimes visualizing what I want to do on a page, and this book helps to get me started; plus it has graphics and borders and cutouts that I can use directly from the book or copy and cut out. Each scrapbook page highlighted in the book is accompanied by a layout drawing to help you design your own page. I have enjoyed this book much more than the current scrapbooking books. It has more serious looking layouts and "cutesy" ones too. Overall, a great helper for a

scrapbooker; especially if you are stumped or in a rut of using the same type of layouts for all your pages. 14 of 15 people found the following review helpful. Featuring 140 exclusive borders, papers, and cutouts By Midwest Book Review An outstanding Better Homes Gardens title, *Fast Scrapbooking* offers designs and suggestions to preserve memories in a colorful, engaging manner that takes 20 minutes or less. Featuring 140 exclusive borders, papers, and cutouts (all papers are acid and lignin free) *Fast Scrapbooking* includes simple instructions and sample layouts of each design suggestion to help make scrapbooking as easy as it is fun. Especially enjoyable as a guide for a scrapbooking family project to share some quality time with one's children.

More than 100 page ideas, most taking less than 20 minutes to complete. Ready-to-use acid-free, lignin-free background pages, borders, and frames included. Easy-to-follow project instructions using readily accessible materials. Quick journaling ideas, sticker tricks, paper layering techniques, and secrets to great color combinations make every page a work of art. Advice and tips to help scrapbookers of all levels save time and ensure success.
