The Fenton Art Glass Company has a long history of making glass for other companies to sell under that company's name. A perfect companion to Carrie and Gerald Domitz's first volume, Fenton Glass Made for Other Companies, Volume II, covers the glass Fenton made after 1970 and before 2005. It covers companies such as Tiara, Martha

Stewart, Levay, Encore, Hallmark, Gracious Touch, and many others. The book contains more than 1,600 full-color photographs, listings, values, and archive materials of this later production. Many catalog reprints are included in order to give collectors all the information they need to learn about glass they may have been unaware was made. 2007 values.

Every new collector or new auction seller should have this in their library. There are so many nuances in glass ware. This will be a definite help. -Kristin L. Sullivan
