Greg McDonnell : Field Guide to Modern Diesel Locomotives before purchasing it in order to gage whether or not it would be worth my time, and all praised Field Guide to Modern Diesel Locomotives:

2 of 2 people found the following review helpful. Top-Notch Resource By John Gondol This is an excellent guide to contemporary diesel locomotives. Lots of important information. Photos have been superceded by McDonnell's LOCOMOTIVES: The Modern Diesel Electric Reference, but there is still much unique and useful information in this guide. Highly recommended! 0 of 0 people found the following review helpful. Three Stars By jc brunet nice good thank you 0 of 0 people found the following review helpful. Five Stars By Carlos Dean Friesen Great Seller A+! Thanks!

A guide to contemporary diesel locomotives.
