Herrschners : Five Seasons of Quilts before purchasing it in order to gage whether or not it would be worth my time, and all praised Five Seasons of Quilts:

I already lost hope to ever find full collection of these quilts. I love to cross stitch and love to quilt, therefore wanted to have all four seasons to cross stitch. And I was just thrilled to see this book here! I could not wait patiently enough until it arrived. Love it!0 of 0 people found the following review helpful. Five StarsBy Terry L.
