Fiona Goble : Fleece Pets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fleece Pets:

Fleece Pets contains a collection of 12 irresistible toy animals, including Spangles the Cat, Joe the Monkey and Bruce the Koala, all made from soft and cuddly fleece fabrics. Each pet is about 25cm (10in) tall and is influenced by the ever popular Beanie Babies, Jellycat and Russ stuffed bean toys. Also featured is a selection of pet accessories such as bags, hats, mittens, scarves, jumpers and skirts, as well as mini versions of the animals themselves, so that you can make a whole family. There are also plenty of ideas for adapting the pattern to make your own exotic creatures. All the animals are quick, easy and cheap to make, and are made in the same basic way, using the same body pattern consisting of just two pieces. The animals and their accessories need only basic sewing skills and can be sewn by hand

or machine.
