**Kooler Design Studio : Florals to Stitch** before purchasing it in order to gage whether or not it would be worth my time, and all praised Florals to Stitch:

1 of 1 people found the following review helpful. Beautiful flowers to stitch By Debra Poore I love the Kooler studio patterns, especially the floral ones. This book has beautiful projects...the wreath with the hummingbird on the front is just a sample. The charts are in a large, easy to read format. The photos are beautiful and colorful. I would judge the patterns as moderate to advanced.

6152 Florals to Stitch: Adorn your home with beautiful blooms in cross stitch. Designs include an exquisite rose wreath visited by a hummingbird, a spray of pink and blue flowers, a long-stem yellow rose, a deep pink rose with a dewdrop on one petal, a lush blue hydrangea, two small florals, and an elegant alphabet with pink roses entwined on each letter.
