**Maria Peevey : Flower Bin Friendship: Note Cards (Simply She)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Flower Bin Friendship: Note Cards (Simply She):

SimplyShe's line of boxed note cards uses real-life humor and style to speak to women about the shared experiences that make up their busy lives: dating and being single, friendship, transitions, getting married, pregnancy, and motherhood. SimplyShe cards offer a refreshingly modern way to stay connected by putting exactly the right words in exactly the right, irresistibly pink package. SimplyShe talks about everyday events in the language women actually use with one another. Its truth-based humor is at once compassionate, ironic, insightful, and universal. Finally, a card line that says it like it is!
