This book is absolutely beautiful. If you are a C.L. Aldridge fan, you have to add this to your collection. It's beautiful. It also would make a great holiday gift for any friends that you have that enjoy coloring. Don't miss out on getting this lovely book.0 of 0 people found the following review helpful. Lovely Art Nouveau-ish coloring book!By MeA lovely, elegant but playful garden-centric coloring book! Many images are mandala style, all featuring flowers, some accented with butterflies or dragonflies. It has a

slightly Art Nouveau style. The lines are bold clear. It's great for beginners, all the way to advanced colorists. There are 29 full page illustrations, 12 smaller copies of some of these larger pages, 7 other pages from her earlier, pre coloring book art (they are cool!). The pages are standard weight, somewhat thicker than standard printer paper. I purchased two of her coloring books, since I couldn't decide which one I wanted more! 0 of 0 people found the following review helpful. The copyright on every single picture ruins this book. By MJCThis book has beautiful pictures and I would have given it five stars except there's a very annoying, distracting copyright on every single drawing. I appreciate the author wanting to protect her work but the copyrights distract from the work - and sometimes cover parts of the designs! On one page of the book there's a picture of flowers, butterflies and some pretty scrolling. And right over one of the scrolls is the copyright symbol followed by "2016 C.L. Aldridge". Tell me that's not distracting! It's really annoying which goes against the whole calming practice of coloring.
