**Sandy Puckett : Fragile Beauty: The Victorian Art of Pressed Flowers** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Fragile Beauty: The Victorian Art of Pressed Flowers*:

7 of 7 people found the following review helpful. Well done, Sandy Puckett!By SamadhiI purchased this book years ago when it came with a little bamboo flower press. I lost it after a few moves and though I had already made several pictures with pressed flowers, I jumped at the chance to buy this book when I found it on . It was signed by the author and though it didn't come with a press, I knew I could make do with books and a homemade press. This book is a great inspiration for creating your own designs and gives a lot of good, solid practical advice. It's easy to follow, whimsical, and fun! I know there are other books out there, but this is definitely my favorite!0 of 0 people found the following review helpful. Informative book with good tips.By Book Lover in CAVery informative book. Good purchase.0 of 0 people found the following review helpful. One StarBy Catherine F.It was more of a story than a tutorial on Victorian pressed flower making.

An illustrated celebration of the Victorian art of pressed flowers includes information on creating a pressed garden, what to grow, how to use gardening space, the best time for the harvesting of different types of flowers, and more. 25,000 first printing.
