Editors of Fine Homebuilding : Framing Roofs before purchasing it in order to gage whether or not it would be worth my time, and all praised Framing Roofs:

0 of 0 people found the following review helpful. Five StarsBy gerald fischerI needed information on how to frame a roof for my cabin and this book answered all my questions.1 of 1 people found the following review helpful. Four StarsBy marriavery informative0 of 0 people found the following review helpful. one project only. lameBy ComputerGeniusvery limited coverage; basically only covered their one project.

This essential reference for pros and passionate amateurs is back with a fresh design and updated content. Written by respected builders from all over America, this extensive revision collects all the latest roof framing articles from the pages of Fine Homebuilding magazine -- from cutting rafters and framing roof valleys to building dormers and working with roof trusses. The contributors offer hardearned, job-tested advice on an impressive variety of tools,

techniques, and trade secrets. Framing Roofs shows how to work with speed and precision, and, since working on a roof is often a complicated and dangerous task, safety is always at the forefront. Fine Homebuilding has been providing rock-solid information and inspiration to everyone who cares about quality home improvement and construction since 1981. With a circulation of 300,000, the magazine helps its dedicated readers build projects better, faster, and more efficiently. All the contributing authors of Framing Roofs are seasoned professionals who have written articles in the magazine.
