Freddy Moran : Freddy's House: Brilliant Color in Quilts before purchasing it in order to gauge whether or not it would be worth my time, and all praised Freddy's House: Brilliant Color in Quilts:

2 of 2 people found the following review helpful. Freddy Moran's First Quilt Book By LuvKimono This is a print on demand edition of Freddy Moran's first book about her house and her house quilts. As such the pictures leave a bit to be desired--the photos are not as bright and sharply defined as those in the two books on collaborative quilting that she produced with Gwen Marston. I am happy that the book is still available at a reasonable price, however, because Freddy Moran's quilts are stupendous and this book shows how she began. (She has also lost a lot of weight since this book was published.) There is great inspiration here, and instructions for constructing several house blocks. I loved her house quilt with the blocks set on point and her rendition of an African inspired house block quilt is exciting. If you are interested in her later work with Gwen Marston, Collaborative Quilting and More Collaborative Quilting are the

two books to purchase. I am glad I have this book as well. 2 of 2 people found the following review helpful. ... this is one of two of hers that are great. Have made two quilts from these books - ...By Patsy R. Crayton I have many quilt books but this is one of two of hers that are great. Have made two quilts from these books - what fun! She says you need to have fun at whatever you're working on and shows you how to be creative with her suggestions! 0 of 0 people found the following review helpful. I was SO glad to get this book! By Bev I was SO glad to get this book! I've wanted it for years. Thanks for the fast shipping, great price, and excellent condition!

This book contains the instructions and patterns to create four colorful House Quilts using three of Freddy's original blocks and her live Schoolhouse block design. Publisher's errata sheet is included.
