I am working diligently on a "dish garden" of various flowers-tedious rewarding work! Great book.0 of 0 people found the following review helpful. Three StarsBy TinerOk22 of 23 people found the following review helpful. I'm waiting for French Flower Beading II!By A CustomerI have searched libraries and book stores everywhere and have not found an updated tutorial on this Victorian craft. The only books available are 40 years old! Thank You, Helen McCall! She has provided simple, beginners projects that won't take forever to finish. My only complaint is that the book is way too short!

Includes 13 flower designs and chapters about Materials with Instructions and Technique.
