Worth every penny!1 of 1 people found the following review helpful. creative lady loves this bookBy Kathleen M. MadisonI am very demanding of craft books and this one is very exciting. The flowers are well designed, beautiful and well photographed. They can be used on clothing or accessories and are presented in real vases for home decor. The patterns are included on separate paper which you can photocopy. I would like to play with the scale of the flowers.0 of 0 people found the following review helpful. Fresh and New Ideas for Creating Beautiful Fresh Flowers!By BBRosserOh my goodness, the author

hit on so many creative and useful ideas. I thoroughly enjoy this book. It is my favorite on creating beautiful flowers.

Flowers so lifelike, you'll want to reach out and touch them! Now anyone can make fabulous flowers, no matter how good a sewer you are. The secret is learning how to combine wonderful looking wool felt with simple fabric sculpting techniques. This volume includes 17 complete projects with easy-to-follow instructions and how-to photos, to make roses, lilies, and more.

About the Author Lynne Farris is the author of several successful books on fiber crafts. She has also appeared on The Discovery Channel and PBS.
