I couldn't wait to open it up and when I did I wasn't disappointed! What great ideas about exchanging these triangles! I can see it as a great project for my sit and stitch group and even for the quilt guild I

belong to. Having been at Southern Exposure many times the pictures are great and Edyta did a beautiful job incorporating the quilts with their beautiful gardens. The first one I plan to make is the Little Pyramids Table Topper, it looked beautiful on the door and I think it will be my first miniature wall hanging. As usual Edyta's color instinct is right on and I will be purchasing the Half square Triangle Exchange Paper. 1 of 1 people found the following review helpful. Great ideas for Quilt Groups By Diana in Michigan The quilts in this book are possible because many 1/2 square triangles are exchanged to make them. It would be harder if someone had to come up with all of the variety involved on their own. I plan to get my group inspired and busy making enough for an exchange to remember! Thanks to Edyta for the great ideas and examples of what is possible if you share! 0 of 0 people found the following review helpful. Five Stars By mimmie #1 Great book.
