Charles Holdgate : Net Making before purchasing it in order to gage whether or not it would be worth my time, and all praised Net Making:

0 of 0 people found the following review helpful. Great Starter Book for Learning Net Making!By Douglas W. MarusaThis book contains the basics for beginning net making. If you follow the instructions for each project, you will learn a few secrets which is the intention of each project. The instructions are easy to understand and follow. There is also some useful information tables which can help you plan the size of netting you can expect to produce when planning your own projects. At this point, I use some information in this book as reference material! This book is well

worth the money if you are serious about learning the basics of net making!2 of 2 people found the following review helpful. very niceBy darlei worm juniorI received my order long after the estimated time, but you can blame brazilian customs and post service (we've got an strike here). The book itself is very clear, with step-by-step instructions and useful hints. The objects that can be crafted are useful, and you can use the know-how to craft other things (in my case, sailboat gear). A special note for the excellent Wisepenny service, very kind and interested about my order.0 of 0 people found the following review helpful. Five StarsBy Meagan Samplebest book on netting that I've gotten

Anyone who has attempted to make a net quickly learns that there is more to this engaging craft than initially meets the eye. In a perfect world, one would master the subtleties of net-making with a teacher standing nearby for guidance. Short of that, a book by a seasoned teacher is the next best thing, which is what makes Charles Holdgate's *Net Making* such an excellent guide. Mr. Holdgate, a beloved teacher and schoolmaster, has taught countless students one-on-one how to make nets. He really knows how to explain the techniques that will help you make great nets. In *Net Making*, Mr. Holdgate brings his years of experience making nets and teaching this craft to create a first-rate guide. Offering clear directions and many easy-to-follow diagrams and illustrations, Holdgate demystifies the ancient art of net making to make it accessible to everyone. Learn how to create your own hammocks, crab pots, basketball nets, shoulder bags, shopping bags, and more. Inside you will find: Fool-proof instructions on making a variety of practical nets Tips on modifying your netted accessories Helpful photos and easy-to-follow diagrams Guidance on tying basic knots and essential net making skills Instructions so clear you can make the perfect net on the first try This guide is both easy-to-follow for those coming to this craft for the first time, and comprehensive enough to hold the interest of advanced net maker as well. Find out why Charles Holdgate's *Net Making* has been the guide for a generation of net makers.
