**Katherine Duncan Aimone : New Ideas in Glass Painting** before purchasing it in order to gauge whether or not it would be worth my time, and all praised New Ideas in Glass Painting:

Hand-painted glass is everywhere from chic boutiques to home decor stores. And it's so simple to make, with paints that air dry or set in a conventional oven; delightfully original techniques; templates; and inspiring projects that range from very easy (small jewel-like votives) to complex (a printed leaf table).

From the Back Cover Painting attractive glass accents is so much fun, whether brighten up a set of square votives in bright colors for a backyard party or jazz up a curved vase with stamped leaf motifs for an entryway table. It's amazing how simple this craft is once you learn a few basic techniques and tricks of the trade. And today's glass paints come in

a dazzling array of colors and finishes that are simple to clean up with soap and water. Choose from more than 40 fabulous projects that will introduce you to new and exciting techniques. I collect some paints and brushes, and you're ready to begin!
