before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nicky Epstein Enchanted Knits for Dolls: 25 Mystical, Magical Costumes for 18-Inch Dolls:

8 of 8 people found the following review helpful. brilliant ideas but not carefully editedBy Audrey J LangerI love the ideas for the patterns but I bought a pack of Lion brand Bons bons, the specified yarn to knit the gnome girl outfit and there isn't even enough yarn of one color to knit the part of the front that calls for that color. And upon carefully ready I see that you switch colors for the back of the top, a strange thing which is not shown in the pictures. I will have to buy different yarn and try again if I want to make this and I find that very disappointing, I was knitting to gauge so the designers didn't pay attention to how much yarn the project takes.0 of 0 people found the following review helpful. PeatThe patterns are cute but unfortunately most of the yarns used are no longer available or are very expensive. This forces one to try to substitute yarns.
