Nicky Epstein : Nicky Epstein's Signature Scarves: Dazzling Designs to Knit before purchasing it in order to gage whether or not it would be worth my time, and all praised Nicky Epstein's Signature Scarves: Dazzling Designs to Knit:

28 of 30 people found the following review helpful. Sorry, Ms. Epstein!By Rita Book DalyTo start, I've been knitting for over 50 years. I have most of Ms. Epstein's pattern books and find them to be fresh and innovative, but this book,

in my opinion, just doesn't make it. The cover pattern and one or two others in the book are patterns I would make; however, the rest of them I find are either just plain weird or desperate attempts at being different. There are more than 30 patterns in this book, so I call it "not worth the price."7 of 7 people found the following review helpful. inspiring bookBy Audrey J LangerI thought that some of the scarves in this book were way out there, for example the swiss cheese scarf - really? But then there were things in this book like the variety of trims you can knit instead of just plain fringe that are just plain inspired and will make my projects really special. I can't wait to try the scarf on the cover either it is so pretty.10 of 11 people found the following review helpful. poor ratingBy Nina BarrettI bought this because I thought it was a new book, but I have this book under a different picture on the cover and all the patterns in my other book are in this book. I think it was wrong for her to publish this as a new book. I would send it back but it is too much trouble and would cost too much to send it back for what I paid for the book. I don't think I will purchase another one of her books and I have all the ones she has published so far. I am very disappointed in this transaction. I work at a yarn shop In Milford Michigan and when I showed them the book she said she had the book on her shelf for sale and it was the one that I had bought before. I have knitted several scarves from the book and they are display in her shop. She didn't think this was fair deal either. Bad plan all the way around.

Nicky Epstein's Signature Scarves delivers what fans of knitting, and of Nicky, crave: her hallmark embellished style, her most popular techniques, and more than 30 of her beautiful, unique designs. Nicky's delightful and inspiring patterns range from a tweedy wrap with appliqued leaves to a scarf sprinkled with bright knitted yo-yos, and others that use mosaic stitch, felting, and shibori.
