Five StarsBy Cheryl Ngreat and fast service1 of 2 people found the following review helpful. sweet and nostalgic, but NOT stickersBy a horror chictruly beautiful collection of images. the CD-ROM contains two directories: one has high resolution images which are quite large; the other has normal

resolution images that are small enough to embed in emails or on 8x11" paper. gorgeous colours jump from the page. i find the low res images to be good enough for most applications. SOOO GLAD i got this CD-ROM. it will be in use for decades. would that halloween still had the importance it once had.WARNING: one reviewer seems to think this book contains stickers. it DOES NOT. the book has each image with its corresponding number so you can easily pick from the CD-ROM and not have to guess what youll get.0 of 0 people found the following review helpful.
