Jenny does such a wonderful job illustrating and explaining what looks to be complicated patterns. Jenny makes it easy. Her pattern designs are unique and bold, and her long-arm quilting skills are truly breathtaking. I can't wait to make every one of these quilts!0 of 0 people found the following review helpful. Now sisters Jenny and Helen are joined by a 3rd sister, Sherilyn, to bring quilters another gorgeous curved collection. This time, they are using their Quick Curve Ruler to make a one-size, curved block from simple pieced shapes. Then, this one-size, one-curve block is the basis for each of the 12 amazingly unique quilts. 12 Contemporary Quilts Complete how-to instructions and illustrations Easy enough for an experienced beginner Challenging enough for an advanced quilter

About the AuthorSisters Jenny Pedigo of Everett, WA, and Helen Robinson of Mesa, AZ, began playing with curved quilt designs three years ago. After years of traditional quilting they wanted to create fresh, contemporary designs that were also easy to piece. Since the first Quick Curve Ruler was sold, quilters all over the world have discovered how fun and easy it is to sew curves. They are the co-authors of the best-selling book Contemporary Curved Quilts. For One Wonderful Curve, Sherilyn Mortensen, Colorado, joins her sisters Jenny and Helen as a contributing author.
