From Memory Makers : Outstanding Scrapbook Pages before purchasing it in order to gage whether or not it would be worth my time, and all praised Outstanding Scrapbook Pages:

59 of 59 people found the following review helpful. Too dated for me!By D. McCabeI wish I'd paid more attention to the publication date on this book. I also think the book should be subtitled: "A HISTORY of Scrapbooking and Memory Makers." There were few entries included that were from 2003, and many were from the late 1990's. Scrapbooking has changed so much in the last 8-10 years, and while this book serves as a great reminder of "look how far we've come!" it wasn't what I was looking for. Too many of the layouts featured are very dated. There were a few that I enjoyed, but those I probably already have seen from my years of getting the magazine!0 of 0 people found the following review helpful. A good tool in your Scrapbook LibraryBy MsViciousHelpful in understanding the concepts and layouts for Scrapbook pages.0 of 0 people found the following review helpful. One StarBy DragonKingNot a lot

of good information or break down of making things.

250 of the best pages and techniques from the world's No. 1 scrapbooking magazine. Memory Makers has long been the first source for scrapbook ideas, delivering inspiration and education to scrapbook enthusiasts. In this spectacular volume readers will find the best of the besthand selected pages from the magazine's last seven years. These pages feature the most important techniques that impacted the industry and contributed to the growth of creative scrapbooking. Witness the evolution of punch art, paper tearing, paper weaving, embellishing and more! Scrapbookers will draw unbeatable inspiration from the hundreds of stunning page ideas they can use in their own albums.
