Although there's a few flat 2-D type patterns (a simple shape cut out and sewn to a like shape, with all dimension being provided by stuffing between the two), most of the book is more complex patterns (but still not terribly difficult) that produces more natural looking animals. Several cute dolls, and a good variety of styles. Highly recommend for the beginning plushmaker. 0 of 0 people found the following review helpful. Five Stars By Juanita Edaakie I love the book;

there are many great ideas and the directions are clear and easy to follow.0 of 0 people found the following review helpful. Great Book!By MI TravelerFun easy patterns. Instructions are easy to follow.
