We love it!By adventurepartyOne of the robots needed a little adjustment with scissors and tape and one had 'Sensors' that weren't pictured in the example and there were no openings to place them in but otherwise we loved this. Everyone who sees them is charmed by the little paper robots, young and old.We did turn 'Fred' into Spongebob and it looks amazing. Just didn't like Fred's face.0 of 0 people found the following review helpful. Four StarsBy Noreen ArroyoAppropriately challenging0 of 0 people found the following review helpful.
