By QuiltgrrrI love all of Elli's books and I was so happy to find this out of print one. The patterns are traced onto folded freezer paper and cut like snowflakes. I like to iron the freezer paper onto the applique fabric and trace around it. Then I layer the applique and background fabrics and baste together. The book came very quickly and in excellent condition.

By CustomerCannot go wrong with Ellis books!

Easy to learn, the techniques behind papercut albums (using single-layer appliques) are clearly demonstrated in this book, which also deals with the lush depictions of fruit that characterize many of Baltimore's antebellum albums.
