My grand kids love these bracelets so I purchased the download version and made each of them one, my title of "best grandma in the world" is still going strong. I've never heard of these bracelets but looked them up when the kids started talking about them and I was amazed at how simple it is. I looked on line for the supplies and it wasn't expensive at all. You can't go wrong with this book!3 of 3 people found the following review helpful. great helpBy Crazy mamaBeen looking for a
