Great designs and high quality in your handsBy Mr Steven J PlunkettThis book is not only informative and educational, but I was also really blown away at the production quality of the book; the paper is thick and sturdy, but also glossy and lets the photos pop out of from paper. You can tell it's been built to last, and I know I can keep it in my backpack and it'll survive. There's lots of fun designs and the guides are super easy to follow.0 of 0 people found the following review helpful. An excellent paracord book!By Jim and DawnThe book is very clear, beautiful pics.
