Patterns for South Beach Frame from Wardell Publications stained glass introduces an innovative bracket frame designed by Handley Industries, a renowned lamp base manufacturer, that enables crafters to easily mount and illuminate their art glass on any wall. It is not only for stained glass, but fused glass and mosaic projects fit great into

the frame also. Simply attach the metal frame to the wall using the acrylic mounting plate, snap in the pre wired bulb socket and slide your glass panel down into the slot. That is it, your art glass wall sculpture is now professionally displayed. Patterns for South Beach Frame presents 13 full size patterns specifically designed to take full advantage of the South Beach Frame. The designs have a decidedly art deco flair that is reminiscent of the architectural style found in legendary South Beach, Miami Florida. A 5 page instruction section is included that features tips for using and adapting the patterns for stained glass, fused glass mosaic projects.
