I love this version that I can share with my kids ...By Daniel Lyle I'd have to reread the original German text to verify how accurate this comic book interpretation is with regards to following the original play's script. Obviously an abridged comic story is going to omit details and condense the storyline. I was still impressed though how well and succinctly the general message and interpretation of the intent of

the original play's meaning was delivered. I love this version that I can share with my kids and relate a summary of the intent of the original story in minutes. 1 of 1 people found the following review helpful. Another great story By Elvin Ortiz I enjoyed this one along with Beowulf, Odysseus, and Atalanta. This one is action-packed, so it is a great enticement for young readers. It includes the killing of the Medusa, the killing of a sea monster, a romance with a beautiful Ethiopian queen, a fight with an Ethiopian army, and a final encounter with a lustful king who wants his mother. Each event is narrated in details, no survey quality to it. This is a 5 plus. 0 of 0 people found the following review helpful. Great mythological graphic novel By Afton Lucas I got this for my grandson who is really into mythology.

Could a monster whose very look turns men to stone be a challenge too perilous even for the son of Zeus? King Polydectes has designs on Perseus' mother, Dana. But first the king must get rid of young Perseus once and for all. So Polydectes hatches a plan to trick the young hero into performing an impossible task: slay the snake-haired Gorgon monster Medusa, whose very look turns men to stone. Yet, as the son of Zeus, king of the gods, Perseus has many powerful allies. Will Perseus' strength and courage and the favor of the gods allow him to do the impossible?

About the Author Thomas Yeates grew up in Sacramento, northern California. He attended college in Utah, Sacramento, the Joe Kubert School in New Jersey. Since then he has been working as an illustrator, focusing on high adventure in the comic book/graphic novel field. He has worked for most of the major companies in that field, DC Comics, Marvel Comics, Dark Horse Comics, Eclipse, etc. He has illustrated Swamp Thing, Timespirits, Tarzan, Conan, Zorro, myths and legends for Lerner Publishing, and many short stories. Most recently he has illustrated Edgar Rice Burroughs' John Carter of Mars for Barnes Noble Publishing and is currently illustrating a series of books by the popular writer Anthony Horowitz.
