Hugh Foster : Picture Framing Basics (Basics Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Picture Framing Basics (Basics Series):

Provides fully illustrated instructions on choosing and making matted mouldings and cutting glass, and putting them together as a work of art. It offers advice on making a range of picture frames, from the simple to more intricate designs. As a guide there are examples of things that don't work and why they don't, along with models to follow.
