Ruth B. McDowell : Pieced Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised Pieced Flowers:

0 of 0 people found the following review helpful. Well written and easy to understandBy CustomerLots of information and inspirations for things to come. Well written and easy to understand. Lots of nice pictures - for us visuals it is perfect!0 of 0 people found the following review helpful. I found the straight foundation piecing patterns and instructions excellent. The curved piecing was difficult and the instructioBy She loves artI found the straight foundation piecing patterns and instructions excellent. The curved piecing was difficult and the instructions were very complicated. This book is for very advanced quilters with a lot of patience and plenty of time to practice. Have a seam

ripper handy!0 of 0 people found the following review helpful. You'll love it!By Fred CerrutiA fabulous book, published a few years ago, but is something most quilters would love to try.

A guide to designing and creating pieced flowers. It features ten pieced flower designs with three different styles offered for each flower. The flower patterns include rose, iris, lily, columbine, hollyhock and more. There are complete sets of diagrams, charts, illustrations and template patterns to recreate each design, along with advice and insight into the construction process. The book complements Ruth McDowell's "Piecing: Expanding the Basics".
