**Troy Thorne, David Meade, Other Derby Experts : Pinewood Derby Fast and Furious Speed Secrets: Tips Tricks for Building Winning Cars** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pinewood Derby Fast and Furious Speed Secrets: Tips Tricks for Building Winning Cars:

Cross the finish line in the fastest car and experience the thrill of winning the Pinewood Derby! Any parent and child can build a successful car with the designs and techniques in this enjoyable book. Derby-winning dads reveal their scout-legal tricks for making faster cars, using ordinary tools that you probably already have at home. With hundreds of color photographs and clear diagrams and illustrations, this essential handbook offers tips for designing your own

car, placing the weights, optimizing the wheels, applying a cool paint job, and more. Simple explanations of derby car speed science will inspire you to shave those last tenths of a second off your time and go home with the trophy.

About the AuthorBy profession, David Meade is a research scientist, holding a master's degree in statistics, his background in research and experimental design has enabled him to develop a unique and powerful approach to Pinewood Derby racing. He also enjoys model rocketry and astronomy. Pinewood Derby-winning dad Troy Thorne is a graduate of Savannah College of Art and Design, and spent over 10 years in the advertising field. He is an active scouting volunteer, builds furniture and canoes, and works with his son who was a national finalist in the All-Star Derby Design Contest.
