Lis Paludan : Playing with Puppets (Danish and English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Playing with Puppets (Danish and English Edition):

0 of 0 people found the following review helpful. Fantastic Retro PuppetsBy Sarah E StaffordI checked out this book at the library and now I must own it! It was originally published in Copenhagen in the early 1970's. The puppets are unique compared to the mostly Muppet inspired puppets that seem to dominate more modern puppet craft books.Parts of the books are definitely aimed at children, but the book is also full of ideas that I, a beginning puppet (but long time toy) maker, found exciting. Some of these include the Fire Imp (a puppet that lives in a wood-stove), the Three Musicians (whose bodies are made in the form of instruments), the Driftwood Puppets, and the Living Tree.Nearly every page has either black and white illustrations or color photographs. Included are over 2 dozen patterns for puppets, theaters, and scenery, as well as many ideas for puppet variations. Also included are 6 plays based on Hans Christian Anderson fairy tales.The Chapters are as follows:1. Puppets from all Kinds of Material2. Finger Puppets3. Heads4. Hands5. A gauze ghost6. Glove Puppets7. Giving the Puppet Life8. Hats9. The Puppets on the Cover10. Animal Puppets11. Rod Puppets12. Dancing Puppets13. Wooden Figures14. A Puppet Family15. Theaters16. Theater in a door opening17. Large Theater18. Drop Curtains, props, and Scenery19. Fluorescent theater20. Music and Sound21. Lighting22. PlaysI would say this book is ideal for anyone interested in beginner-intermediate puppetry, as well as anyone interested in retro style toys. I highly reccomend it!

Illustrated instructions for making various kinds of puppets, creating scenery, and putting on plays.
