W. Alexandra Marsh : Plays and Patterns for Glove Puppets before purchasing it in order to gage whether or not it would be worth my time, and all praised Plays and Patterns for Glove Puppets:

This vintage book is a complete guide to glove-puppetry, with historical information, directions for making glove puppets, instructions for making a stage, hints on performing, and much more. With helpful illustrations and handy

tips, this volume is highly recommended for those with a practical interest in puppetry, and would make for a useful addition to collections of related literature. Contents include: The Craft of Glove Puppetry and Puppet Manipulation, Permanent Glove Puppets, Manipulation and the Glove-Puppet Stage, The Glove-Puppet Theatre: Two Types, Ten Trick Glove Puppets, Introduction to the Plays and How to Produce a Glove-Puppet Play, etc. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in an affordable, high-quality edition complete with a specially commissioned new introduction on puppets and marionettes.
