The quality of the information, especially the photos, is impressive. The ideas present much more than the simple how-to on making cards. The creative colors, patterns and textures of the materials are fantastic in themselves. From these ideas I can implement various projects of my own. While a few diagrams might make the card construction a little more simple, the written instructions are thorough, especially in combination with the photos. I can't imagine anyone being anything pleased glad to have this book. 26 of 27 people found the following review helpful. Nice Pictures of Completed Cards By T. Manabe I am disappointed with this book. For what I've seen of Sandy and her DIY segments, the book actually doesn't do better than what you could find on the DIY Scrapbooking site. In fact, you get full sized templates on the website. I prefer books that have good diagrams

versus written instructions. In my personal opinion, diagrams when done right; are so much easier to follow. There are templates in the book, however you need to enlarge them 50% or more. Overall, if I'd reviewed this book before hand, I think I would have passed on buying it. If you do buy it, has the best price. A good reference book. 1 of 1 people found the following review helpful. Wonderful !!!!!By Kat DalyJust Started Doing Simple Pop-Up Cards Fall 2011. Got WOW's! I've Been Making All My Cards 4 Quite AwhileAnd This Seemed To Add A Little Surprise! I Was Very Simple But Wanted Increase My Style Love This Book Ideas!!! Kat

Pop-up cards, with their wonderful interactive, dimensional nature, are all the rage these days. And now crafters can duplicate the amazing techniques at home! Renowned artist Sandi Genovese shows you how with 25 wonderful projects that make cards pop. A birthday greeting becomes even happier with a multi-tiered chocolate cake design, topped with candles. The accordion-folded Hand in Hand card displays a variety of hand shapes that seem to applaud enthusiastically when its opened and closed. And an elaborate celebratory Christmas card showcases a three-dimensional tree bedecked with hanging ornaments. All projects feature a gorgeous color shot of the completed card, templates, and a vibrant page layout that's both approachable and modern.
