Sandi Genovese : Pop-Up Cards: And Other Greetings That Slide, Dangle Move before purchasing it in order to gage whether or not it would be worth my time, and all praised Pop-Up Cards: And Other Greetings That Slide, Dangle Move:

5 of 5 people found the following review helpful. Pop-Up Cards: and Other Greetings that Slide,Dangle MoveBy jellybeanLove these ideas and designs but this is not a book for someone new to making cards. I had to really practice making a card to get the technique correct and be happy with my cards. The directions need more clarity But the cards are really nice and I will continue to learn the ins and outs of card making.7 of 7 people found the following review helpful. Lively, fun, instructional bookBy B. BrownAs always, Sandi Genovese presents a colorful, fun, book. She has such a good eye and is very good at giving instructions so that even I can master the project. This book has beginner to more difficult projects. I got this book to give my 12 year old granddaughter some idea of what we could make and this book didn't disappoint us. Great book!2 of 2 people found the following review helpful. Good Book for Beginners in Making Pop-upsBy Teacher in OKThere are many pop-ups shown, but I am not as good an artist as the author. I can't draw things quite as well, e she does have patterns in the back to use to help. I am just beginning to make cards

with pop-up interiors and she has good instructions to help you.

Pop-up cards, with their wonderfully interactive, dimensional nature, are all the rage these days--and renowned artist Sandi Genovese shows crafters how to make their own. These 25 memorable projects truly make cards pop, including a multi-tiered chocolate cake design that looks good enough to eat; an ornament-bedecked, three-dimensional Christmas tree card for the holidays; and the accordion-folded Hand in Hand card that seems to applaud when it's opened and closed. All projects feature a gorgeous color shot of the completed card, templates, and a vibrant page layout.

About the AuthorSandi Genovese has appeared on numerous television shows, including Good Morning America, The View, The Carol Duvall Show, Smart Solutions, and Home Matters. She was also the host of the popular Scrapbooking program that aired on the DIY Network and has developed crafting products for numerous companies. Sandi has written several craft books, including Creative Scrapbooking, Creative Greeting Cards, Sandi Genovese's Three-Dimensional Scapbooks, and Designer Scrapbooks with Sandi Genovese (also available on DVD). She lives in Laguna Beach, California.
