Good book with step-by-step instructions and patterns!By PannitaThis book is great because it gives basic step-by-step instructions as well as patterns. It features several ways to make pop-up card and those methods are easy to modify into different designs. I found that it's not difficult to create my own card designs by building on those techniques. Recommended for those who love paper crafting!0 of 0 people

found the following review helpful. Nice, but not what i was look8ng for.By Kindle CustomerI guess I was expecting more general designs. There were too many that were for "milestones or occasions". The designs were certainly very nice, however. I was looking for something different. A bit more preview would have led me to another book.0 of 0 people found the following review helpful. Fun bookBy CustomerLove this book. The cards are unique and a joy to make. Some are more involved and take more time others are quicker and done in just a few minutes. I'll definitely use this book a lot.

A card is an even more special gift when its made by hand, and the cards in this book make the giving even more fun through designs that pop up, move, and spin. The charm and whimsy of these cards will elevate any occasion. From childrens birthday cards with wheels that spin to get-well wishes revealed with the pull of a tab and gift boxes that magically take shape when the card is opened, the cards in this book are sure to please. With over fifty designs for a range of occasionsfrom birthdays, baby announcements, and get-well wishes to Easter, Halloween, and Christmastheres sure to be something for everyone in this book. Each project is presented through beautifully styled photographs, clear step-by-step instructions, detailed diagrams, and templates. Even those new to working with paper will be able to make the whimsical and elegant designs in this book. Make the cards in this book and give your friends and family a keepsake they will treasure.
