Iain Thomson : Wedding Flowers before purchasing it in order to gage whether or not it would be worth my time, and all praised Wedding Flowers:

2 of 2 people found the following review helpful. Great Step-by-StepBy A CustomerI looking for step-by step book for wedding bouquets and this one was very good. It is not very up dated but is basic.

Inside these beautifully photographed pages is the help needed to choose a style that feels deeply personal and doesnt empty the pocketbook. Among the array of floral designs are traditional romantic and modern styles for brides of every season. Find fresh ways to create arrangements for the entire wedding party, including table decorations for an after-ceremony breakfast. Your special day will be filled with love and flowers!
