**Lindsay Powers : Wee Little Christmas Elf** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wee Little Christmas Elf:

The replacement I was sent was good when I took it out of the box to inspect it, but the day I handed it to my daughter as a gift his ear fell off in our hands. Cheap junk.0 of 0 people found the following review helpful. GREAT ITEMBy thomas grimaldiVERY CUTE ITEM. What better way to get in the Christmas spirit than with one of Santa's elves to remind you of the magic of the season? Elves have been bringing Christmas cheer to kids (and adults) everywhere with the toys and presents they make in Santa's workshop. But with this kit, instead of the elf making the gift, he is the gift! Includes a 32-page book and your very own Christmas Elf.
