What better way to be held accountable and motivated than by actually seeing your progress. In this book you'll be provided with numerous tools for success. You'll find sample pages, material lists, basic tool-kits. websites, and pretty much anything you will need to start a scrapbook. My favorite part of the book was the healthy snack substitutions and the break down of healthy eating. I believe this book will be helpful to many who have hopes of losing weight. Your finished scrapbook is something you'll hold on to for the rest of your lives, and will serve as a constant motivator to stay on track and not fall back into unhealthy habits.0 of 0 people found the following review helpful. ... is struggling to lose weight I am going to love using thisBy Gemma DubaldoAs a person who is struggling to lose weight I am going to love using this.
