Very nice for religious family with little time By Goldie Locks 5 This book is not huge (as a previous review mentions) but that was great for me. I didn't have a lot of time to fill out tons of stuff- or save tons of photos for this book (i use a photo album for that). I love that it has a section about "our church" and "on the day of your baptism". It had just enough room for us to write what we wanted. I would have given it 5 stars if it had a page for first words - but i just keep that on a piece of paper tucked into the book. 10 of 10 people found the following review helpful. Disappointing By R. Spiers For a baby memory book it is really lacking in space. I love Linda Spivey's work and, in fact, used a previous book for my older son. The wording is very special, but the pages and binding are entirely too small for a memory book. Storing mementos in it is out of the question.

New parents or parents-to-be will record their great adventure alongside beloved artist Linda Spivey's presentation of Noah's journey, complete with an ark full of adorable animals. Cheery, decorated pages showcase Mom and Dad's reflections, hopes, and dreams--from the time of the big news to the delivery on through the child's early life. Generous space and helpful questions inspire parents to take note of their hopes for a child friends who welcomed the little one family tree early life milestones holiday happenings and other good times With warm colors, fanciful

paintings, and art-lined pages, a growing family will enjoy recording the happiness, love, and promises surrounding the addition of a special child.
