Nikki Van De Car : What to Knit When You're Expecting: Simple Mittens, Blankets, Hats Sweaters for Baby
before purchasing it in order to gage whether or not it would be worth my time, and all praised What to Knit When
You're Expecting: Simple Mittens, Blankets, Hats Sweaters for Baby:

32 of 33 people found the following review helpful. Beautiful book, also for beginners By Customer I bought this book based on the previous two reviews and must say that I am really happy I bought it. This book contains many adorable patterns for girls and boys, and all seem fairly easy to knit. I started on a sweater, and it is really quite simple with well written instructions that are easy to comprehend. I have been knitting for about 1.5 years, so have some experience, but I had purchased another book before-"60 quick baby knits"- and trust me, none of those patterns were quick or easy. This book definitely offers a nice variety of very doable patterns that will look adorable. It is beautifully presented, too- the author tells a little story about each pattern and what was the inspiration behind it. If you are looking for cute projects that you will actually be able to finish during your pregnancy, this book is for you. 9 of 9 people found the following review helpful. Every pregnant lady needs to knit or know someone who does. By Winky This book has very useful, adorable patterns for babies that would delight any new Mom! Some very trendy items, like the cocoon; some very useful garments, like the layette and they are done in cool colors (not just pastels). 0

Once you've got a handle on your delivery from the stork, flip through this adorable assortment of 30 knitting projects for the bundle of joy. The projects range from first trimester projects (which are moderately advanced, since there are months to finish) to second trimester (when most parents can determine the baby's gender and prepare for a boy or girl), to third trimester quickies, when time is short. The booties, bibs, toys, blankets, and clothing will be one-of-a-kind items, fit to welcome a special person into the world.

Knit and Nosh blog"Brilliant!...If you know a knitter who is, or will soon become pregnant, What to Knit When You're Expecting will be a welcome gift.All Free Knitting blogThis baby book offers a nice variety of traditional and modern patterns. This is a great find for both expecting mothers and those who are searching for the perfect handmade gift to bring to a baby shower.The Yarniad blogseriously, how cute is this?!?!?...This would be a wonderful book to have if you are indeed expecting, but I also think it would be great to have on handfor special gifts for friends who are.
