Molly Harrison : Whimsical Winter Wonderland: Coloring Book by Molly Harrison before purchasing it in order to gage whether or not it would be worth my time, and all praised Whimsical Winter Wonderland: Coloring Book by Molly Harrison:

7 of 7 people found the following review helpful. Sweet picturesBy Dena TThis coloring book has the sweetest pictures that any age would love to color. I just love Molly Harrison 's Whimsical Girls coloring books, they are just so cute and fun to color. This coloring book would be great for yourself or as a gift.3 of 3 people found the following review helpful. Molly HarrisonBy MizaryAround my house we have family colour therapy night. This gives us a chance to connect, get to our child roots, and have fun. Molly Harrison has put out some beautiful art and coloring books. Her books are one of the most favored to color. The boys and girls love the dragons and Halloween type pictures, I personally love both of her winter books (this year and last).This years book has a lot of animals that are cute and well drawn. I love polar bears, so the ones with the bears are my favorite... I love the one with a polar bear,

the little girl dressed as a polar bear, and the snowman with a bear ear hat.2 of 2 people found the following review helpful. They are really great and the pictures were easy enough for herBy Renee D.I buy these adult coloring books to keep my 82yo mother occupied and keep her engaged. They are really great and the pictures were easy enough for her, yet not so child like that she was bored.

"Whimsical Winter Wonderland" is the fourth in my "Whimsical" series of coloring books! This book features 24 Christmas and winter themed illustrations including little cherub style angels, deer, owls, snowmen and more! This book is intended for adults and older kids. Some of the illustrations are simple and some are complex so some might be a bit difficult for small children. Suitable mediums include colored pencil, marker (please put a piece of paper between the pages to prevent bleed through), pastels, crayons, gel pens and more. This is NOT suitable for wet media such as watercolor. Please see my digital/printable version of this book at www.mollyharrisonart.com and also my Etsy shop at www.etsy.com/shop/MollyHarrisonArt.

About the AuthorMolly Harrison is an artist working out of her home studio in northern California. Working in watercolor and ink primarily, with a focus on fantasy art, Molly has sold paintings and fine art prints around the world to private customers. Her work is also licensed for cards, figurines, and other products. Please visit www.mollyharrisonart.com for more information.
