The patterns have relatively simple lines, making it a good book for someone like me who does not have a lot of skill at cutting. Some of the patterns are more detailed than others, giving a good variety of skill levels. And there are color plates for many of the patterns.0 of 0 people found the following review helpful. Five StarsBy mrs booklover 55Nice photos! Can't wait to use the patterns.0 of 0 people

found the following review helpful. Beautiful RenderingsBy KATSome absolutely beautiful renderings of some of the animals. The color pictures are delightful. Any animal lover will enjoy this book.

This handy pattern book by artist and stained glass designer Connie Eaton presents a remarkably rich collection of wildlife designs perfectly rendered for stained glass craft. Here are sixty designs that will please both the beginning and the experienced craftsperson and will present many creative challenges in color design, glass cutting, and construction. The designs range from fairly simple pictures comprised of no more than 20 pieces to complex assemblies comprised of more than 50 pieces. A wide variety of animal subjects has been chosen depicting familiar wild creatures posed amid natural surroundings including the alligator, beaver, cardinal, cheetah, crane, eagle, egret, elephant, giraffe, kangaroo, otter, panda, parrot, penguin, rabbit, tiger, toucan, wolf, and forty-two other species.
