**Carole Harris Wardell : Windows of Elegance - Volume 1 - Stained Glass (Studio Designer Series) (Wardell Publications Studio Designer)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Windows of Elegance - Volume 1 - Stained Glass (Studio Designer Series) (Wardell Publications Studio Designer):

0 of 0 people found the following review helpful. Five Stars By Customerlove it 0 of 1 people found the following review helpful. Five Stars By Lucy S. Lot of good ideas and patterns 10 of 10 people found the following review helpful. So many designs, so little time By TooManyHobbies This book has an eclectic assortment of designs ranging from classical to ultra modern. There are also quite a few nouveau nature screens (dolphins, parrots, seascapes,

tropical fish, etc), which is not surprising considering that this is the "Fort Lauderdale" edition. I was really impressed with the "Grand Entryways" and "Abstractions" sections; some of the designs are truly amazing. The book has 78 pages, and every other page is jammed packed with photographs of actual stained glass windows, doorways, and transoms. The photos are all extremely well done and inspiring. The other pages are filled with scaled patterns. I especially liked the fact that all of the patterns are shaded to indicate colors and textures. Two negatives about the book are: 1) not all of the scaled patterns have a corresponding photo of the completed panel, and not all of the photos have corresponding scaled patterns (this gets very confusing a times) and 2) the binding is of a poor quality (the pages started to fall out almost immediately).

Windows of Elegance from Wardell Publications stained glass introduces Glass Reflections of Fort Lauderdale, one of the most respected art glass studios in South Florida. This 80 page book features more than 108 photographs of graceful leaded stained glass installations and 48 detailed stained glass proposal renderings. Also included are design details, stories, and anecdotes by the artists and author. Many of stained glass installations integrate clear beveled glass combined with clear textured glass and colored glass. Whether you are researching decorating ideas for your own home or if you are seeking inspiration to create a stained glass work in your art glass studio, Windows of Elegance will reveal many styles of elegant art glass.
