Windows of Enduring Beauty from Wardell Publications stained glass introduces Preston Studios, one of Florida most innovative art glass studios. They have generously opened up their photo archive of leaded glass installations to create an inspirational book of stained glass design. A book of this nature is designed to share new and imaginative images, designs and concepts. It can be an inspiration for new projects, a resource for commissions, or even more simply, a visual feast for anyone who loves art glass. Most of the 84 color photographs showcase the glasswork in its installed environment giving the reader a sense of the interior atmosphere. Preston Studios design style ranges from traditional beveled fabrications to Tiffany inspired landscapes and florals. The work of Preston Studios can and should be considered the art of the possible in stained glass. Windows of Enduring Beauty traces a 25 year exploration of artistic themes by the partnership of Jerry D Preston and John C Emery. This unique blending of two talents, operating as Preston Studios, has produced all of the work featured in this book. Windows of Enduring Beauty is sure to be a valuable resource for homeowners, architects, art glass studios, interior designers, and stained glass hobby crafters.
