MOST EXCELLENT By Customer This is the most amazing collection of stained glass work I have ever had the privilege of experiencing. Ms. Perlis is truly an exceptional and talented icon in the stained glass medium. I find the pieces incredibly original, the execution flawless, and the designs dynamic. This is not what one would normally expect to see in a book about stained glass. She has pushed the envelope for design and execution, and deserves high praise for her wonderful work. 7 of 7 people found the following review helpful. Glass that is a blast! By joe table The stained glass that goes whooshing this way and that.....like on the cover, is so cool! It reminds me of Lorado Taft's sculpture....like his Wave of Life sort of thing with

torso's....one of his pieces is in the Chicago Art Institute and Leslie Perlis's work can stand right beside it, yes!
